

"Whatever it takes to get the job done"

The products you want, when you want them. We are here to make it happen for you.

The items in this brochure represent many of the products we have supplied to businesses and organizations- for promotions, trade shows, events, resale, incentives, giveaways, employees and company stores over the past 23 years. Page A thru D of the black and white brochure copy have an item # for each product which can be referenced in the following price list.

We are very responsive to your requests. If you are looking for any item which is not shown here, or you need help in determining a product which will fit your needs, let us know and we will research for you. Additionally, catalogs are available which specialize in specific types of products, such as garments, pens, mugs, etc., which we will send to you upon request. Other catalogs, including our 1000+ page Media Files, which list thousands of other products, are available- as well as samples of all products. You may also access our web site for on-line catalogs and/or contact us directly for more information and current specials.

Many products we supply are manufactured to custom specs. Due to our experience, other suppliers have had us help them with garments they are unable to produce on their own. Since we print on-site, you gain the advantages of a higher quality standard and a quicker turn around time. Please consider us for any imprinted products you currently have produced and include us in any future bids. We appreciate a referral to anyone who may have use of our services.

We look forward to serving you.

*New Lower Costs on screenprinted shirts here- these 2 pages replace the ones in the pricelist.

See page 2/2A for additional information on all items below
